1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 6/11/2007 has been entered.

***Examiner's Comment***

2. Since generic claim 40 is allowable, claims 48 and 49, directed to the manufacturing method for the sensing device, previously restricted from the election of species mailed on 9/19/2005, are now subject to bring rejoined. Claims 40-68 and 71-76 are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

***Examiner's Amendment***

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

***Allowable Subject Matter***

5. The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose the claimed invention such as mounting a first and a second device, wherein the first device is configured to address each of a plurality of columns of cells in the sensor array and the second device is configured to address each of a plurality of rows of cells in the sensor array, and process the signal obtained from each addressed cell. It is not obvious taken alone or in combination of other references fairly to suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
